FOOD SAFETY & QUALITY POLICY

We at Verger Naturals (Pvt) Limited are committed to provide essential oils, extracts, spices, dehydrated herbs, value added spice products & traded products to our customers while meeting their specific requirements.

We have implemented global standards and principles to our facilities and processes, while regularly measuring the compliance against implemented standards, to ensure our products are safe for human consumption, while assuring all quality expectations.

We take science and risk-based approaches to ensure the safety and integrity of the products. The set comprehensive approaches are designed to address biological, chemical, physical, Allergen & Radiological food safety hazards as well as fraud and malicious contaminants.

We shall conform to the statutory and regulatory requirements laid out by the local and international governing authorities and dedicate ourselves to satisfy our stakeholders' needs and expectations at all times.

We are committed to develop and continually improve the effectiveness of our food safety and quality management systems in accordance with international standards.

We do believe that the responsibility for the successful implementation of this policy belong to every employee at each level and function in the organization.
